

The interface is titled "Traffic Volume Prediction" and is set against a stylized background of a road at dusk with purple mountains and a large orange sun. Two traffic lights are visible on either side of the road. A central white form contains the following fields:

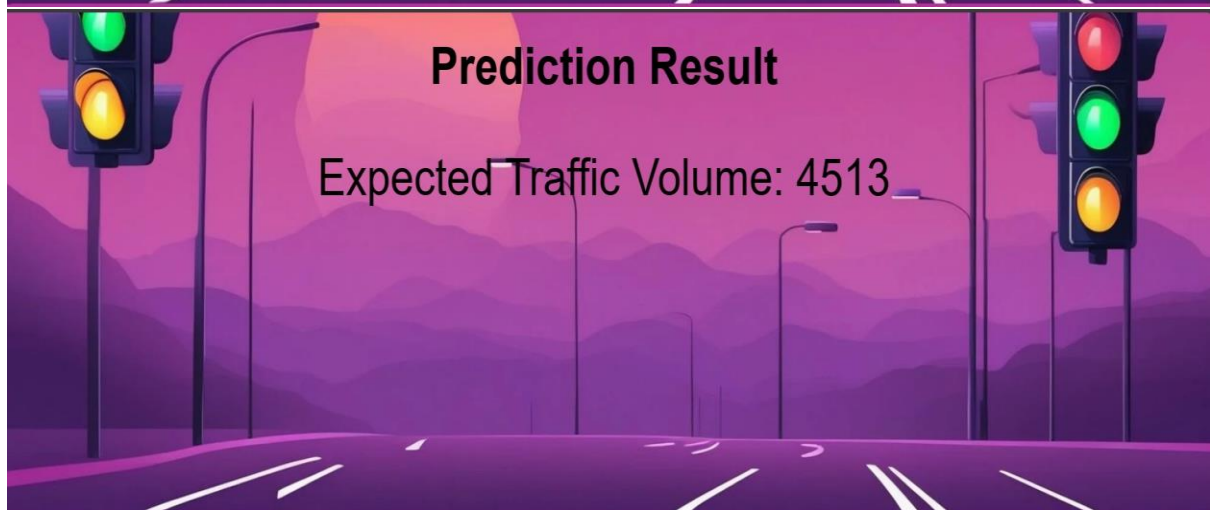

**Traffic Volume Prediction**

Weekday:  
Monday

Hour of the Day (1-23):  
10

Temperature (°C):  
20

Predict

The interface is titled "Prediction Result" and shares the same background as the first panel. It displays the predicted traffic volume.

**Prediction Result**

Expected Traffic Volume: 4513
